Dr. Narinder Sharma is a distinguished academician, researcher, and academic administrator currently serving as Dean (Research & Development) and Professor at Amritsar Group of Colleges, Amritsar. With nearly three decades of rich professional experience spanning academia, research, industry interaction, and institutional leadership, he has made significant contributions towards fostering a vibrant research ecosystem and promoting excellence in higher education.

He holds a Ph.D. in Electronics and Communication Engineering and possesses extensive expertise in interdisciplinary research areas including Artificial Intelligence, Wireless Communication, Healthcare Technologies, Data Analytics, Internet of Things (IoT), and Emerging Digital Technologies. Throughout his academic career, Dr. Sharma has remained actively engaged in research, innovation, and scholarly activities aimed at addressing contemporary challenges through technology-driven solutions.

Dr. Sharma has published more than 120 research papers in reputed national and international journals, conference proceedings, and edited volumes. His scholarly work has received wide recognition within the academic community and has contributed significantly to the advancement of knowledge across diverse domains. He has also authored and edited academic books, guided numerous postgraduate dissertations, and mentored doctoral scholars in their research pursuits.

As Dean (R&D), he has played a pivotal role in strengthening research culture within the institution by facilitating funded research projects, organizing international conferences, faculty development programmes, workshops, expert lectures, and innovation-driven initiatives. He has

successfully secured and coordinated research grants and academic projects sponsored by prestigious organizations such as AICTE, DST, SERB, and other government agencies. His efforts have significantly enhanced institutional research productivity, collaboration, and academic visibility.

Dr. Sharma is actively associated with various professional and academic bodies and serves as a reviewer, editorial board member, technical committee member, and session chair for several reputed national and international journals and conferences. His contributions to scholarly publishing reflect his commitment to maintaining high standards of academic quality, ethical research practices, and scientific rigor.

As Co-Editor-in-Chief of the **AGC Journal of Management Studies (AGC-JMS)**, Dr. Sharma is dedicated to promoting impactful, innovative, and ethically sound research in the fields of management, entrepreneurship, sustainability, digital transformation, innovation management, business analytics, and allied interdisciplinary areas. He strongly believes that quality research serves as a catalyst for knowledge creation, societal development, and organizational excellence.

His vision for AGC-JMS is to establish the journal as a credible and respected platform that encourages intellectual discourse, fosters collaboration between academia and industry, and disseminates research that contributes meaningfully to business practices, policy formulation, and sustainable development. Through his leadership and commitment to academic excellence, Dr. Sharma continues to inspire researchers, educators, and professionals to pursue impactful scholarship and lifelong learning.
