--	---	--

#### Objectives of Guest lecture-

The guest lecture on Git and Github aims to provide a comprehensive understanding of version control systems and collaborative software development. Participants will learn the fundamental concepts of Git, including branching, merging, and resolving conflicts, as well as how to use Github for project management, code sharing, and collaboration.

#### Outcomes of Guest lecture-

By the end of the lecture, attendees will be proficient in using Git for version control and Github for managing repositories and collaborating on projects. They will gain practical skills to enhance their coding workflows, improve team collaboration, and efficiently handle code changes and contributions.

Amritsar.

Madam

On behalf of our department team (Department of Computer Applications) at Amritsar Group of Colleges, we would like to express our gratitude to you for a guest lecture on "GIT and GITHUB" for students of BCA 4<sup>th</sup> sem. Your lecture on the subject was really informative and knowledgeable and students were greatly impressed by your style.

It was great pleasure to listen to your lecture and learn so much from it. I take this opportunity to thank you on behalf of our entire team and students for taking out some time from your busy schedule and share knowledge with our students and faculty.

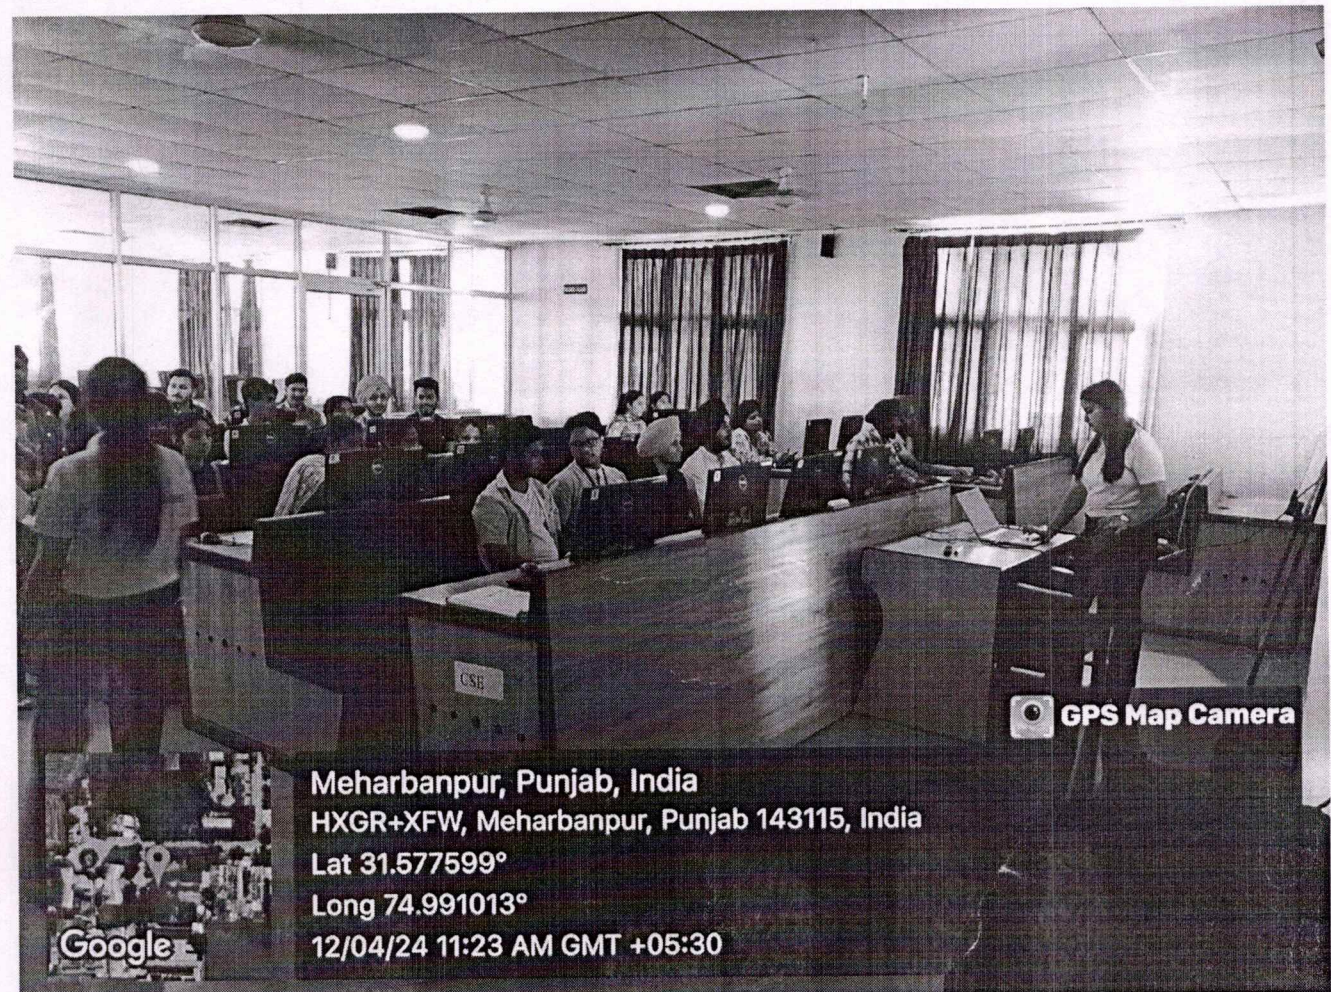

Thanks and regards

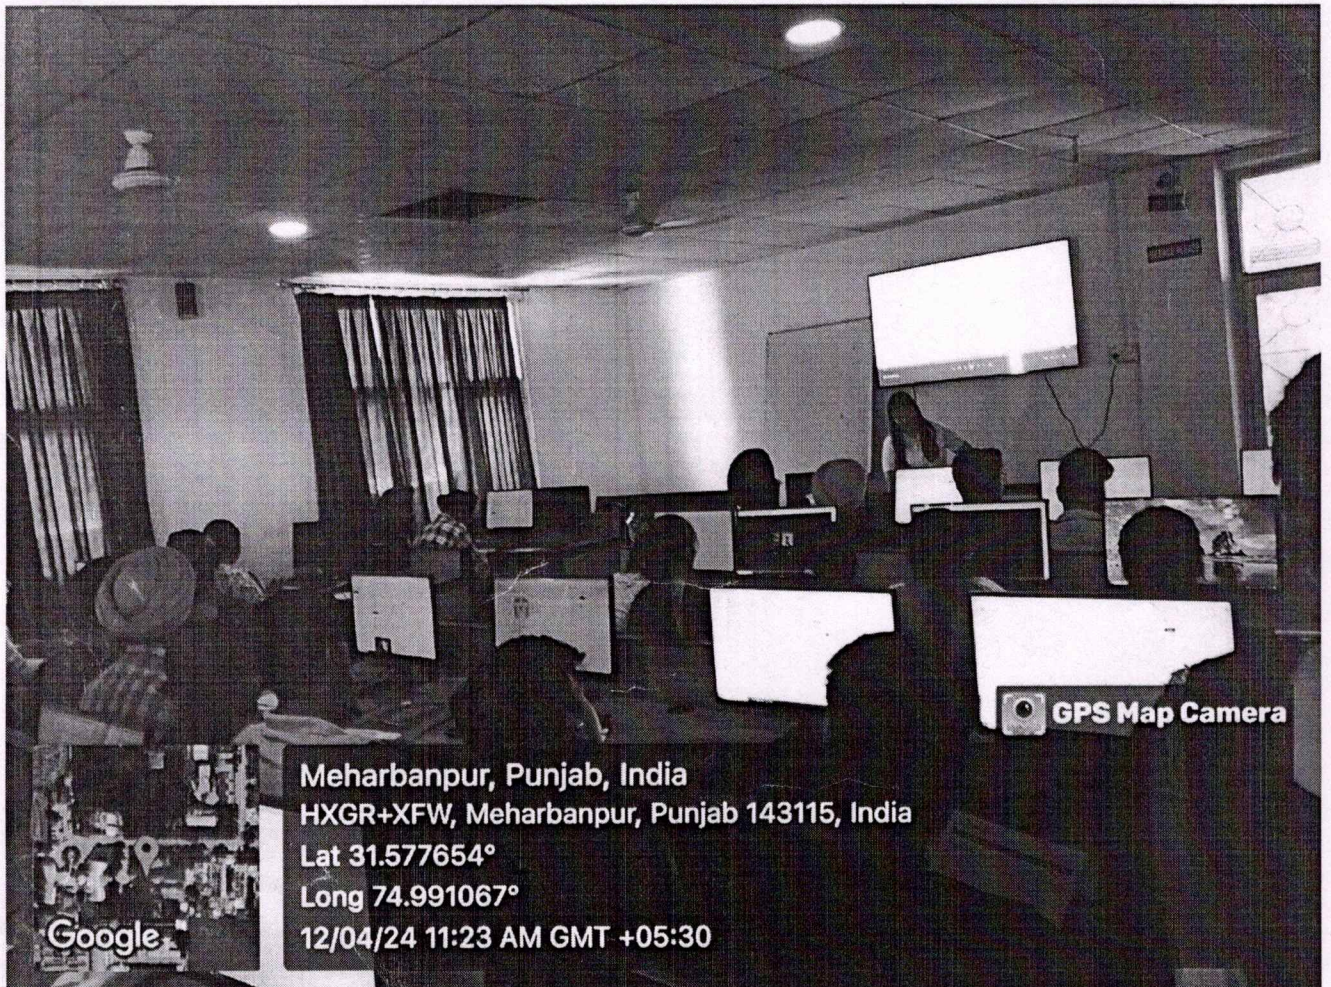

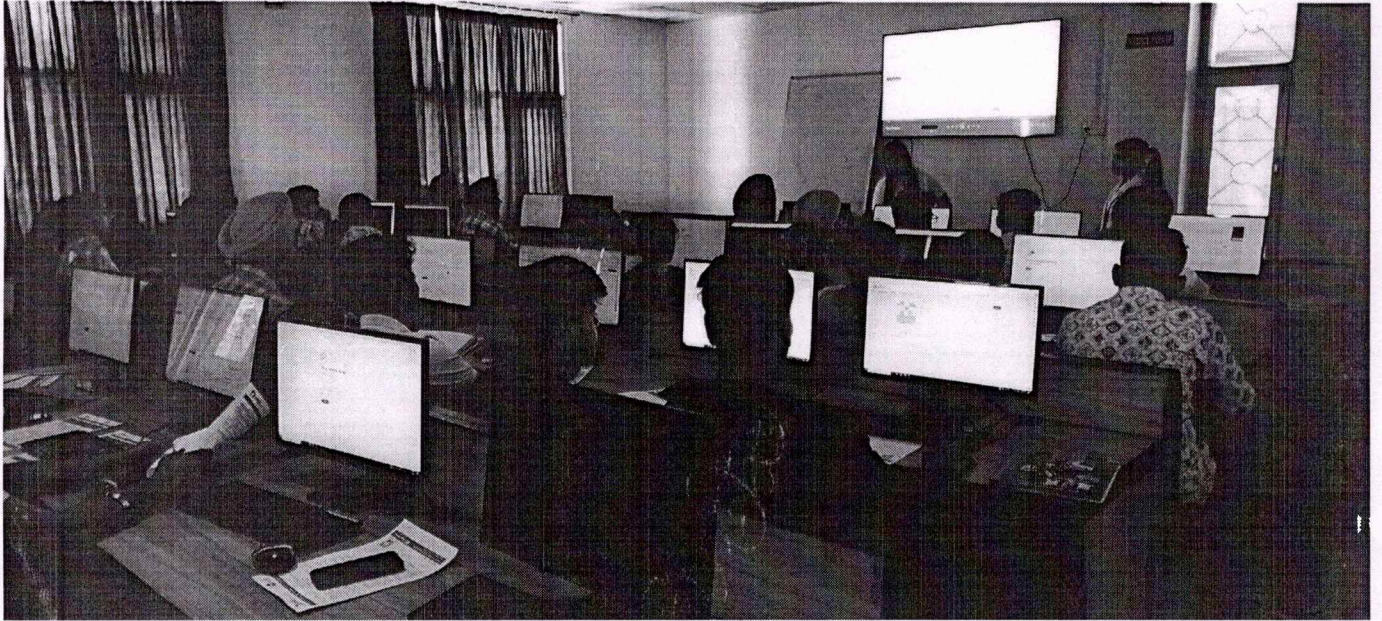

Dr. Sachin Khurana
