

 <p>AMRITSAR GROUP OF COLLEGES</p> <p>NAAC Grade "A" 3rd Cycle Autonomous College (Since 2014) Conferred by UGC under Autonomous Category</p>	<p>Proposal to establish Eco Club in the campus</p>	
	Ref.N. AGC/AS/407	Date: 02-05-2024

Introduction

In today's world, environmental consciousness and sustainability are more important than ever. As a responsible institution committed to shaping the future leaders of tomorrow, it is imperative for us to instil a sense of environmental stewardship among our students. Accordingly, we propose the establishment of an Eco Club in our campus. This club will serve as a platform engaging in various activities aimed at promoting environmental awareness sustainability practices and community involvement.

Objectives

1. To raise awareness about environmental issues, such as climate change, pollution, and biodiversity loss.
2. To develop sustainable practices by adopting eco-friendly habits both on campus and in our daily lives, including waste reduction, energy conservation and sustainable transportation.
3. To implement initiatives by organizing and executing various eco-friendly initiatives, such as tree planting drives, clean-up events, recycling programs and advocacy campaigns etc.

Activities

1. The club will hold regular meetings to plan activities, discuss environmental issues and share ideas for promoting sustainability.
2. The club will organize various events featuring guest lectures, documentaries, tree planting drives, clean-up events, recycling programs and advocacy campaigns etc.
3. The club will engage with the local community through outreach programs, such as environmental education sessions in schools and community clean-up events.

Benefits

1. The membership in the Eco Club will provide students with opportunities to develop leadership skills, teamwork abilities and a sense of social responsibility.
2. By engaging with the local community, the Eco Club will have a positive impact beyond the campus, promoting environmental awareness and inspiring others to adopt sustainable practices.
3. The club will provide students with opportunities to connect with like-minded individuals, faculty members and professionals working in the field of environmental sustainability.

Organogram of Eco Club

S.No.	Name	Designation	Department	Responsibility
1.	Madam Ragini Sharma	Director Finance	Management	Chief Patron
2.	Dr. Gaurav Tejpal	Principal	Principal Office	Patron
3.	Ms. Binod Kaur	Head	Applied Sciences	Chairperson
4.	Ms. Rajbir Kaur	Assistant Professor	Applied Sciences	Organizing Secretary
5.	Ms. Anujet Kaur	Assistant Professor	Applied Sciences	Member

16 student members to be selected in the month of July 2024.
Please note, all the environmental related activities organized during this year will be documented under Eco Club

Conclusion

Establishing an Eco Club will not only benefit our students but also contribute to broader efforts to address environmental challenges and build a more sustainable future. We believe that by coming together to promote environmental awareness and action, we can make a meaningful difference in our society.

We submit this proposal to our worthy Principal, Dr. Gaurav Tejpal for consideration and approval, please.
