About the College

Amritsar is one of the oldest and traditionally strong cities of the north as also of Punjab. It is known world over as 'city of Golden Temple'. The city also has strong tradition of professional education especially Medical education, as Govt. Medical College and Hospital (GMCH) and Govt. Dental College and Hospital since independence. The city also hosts the Guru Nanak Dev University, established in 1969.

Amritsar College of Engineering and Technology (ACET) was established in this holy city in 2002. The promoters of this college are Amritsar International Education Society Regd. The Chairman & CEO of the college Sh. Amit Sharma is an eminent Senior Advocate turned Educationist. It is his far sighted vision and effort which led to establishment of this college, the first self financed Engineering College in Amritsar.

ACET granted with Autonomous status by UGC New Delhi act 1956 in the year June 2014, as it become first self financed Autonomous Engineering College In Punjab.

The college has the distinction of being accredited by NBA (National Board of Accreditation) and NAAC (National Assessment and Accreditation Council) in the year 2009 and 2012 respectively. In march 2016, a team of eminent academicians conduct NBA inspection for reaccreditations, and four department of ACET got accredited for a period of two years starting July 2016.

The college has achieved great success in all spheres of its activity; the students attend all the theory and practical classes. Teachers make extensive use of ICT to prepare well and deliver to the satisfaction of the students. Along with teaching, students are actively participating in all sports and co-curricular activities.

Vision

To produce Engineers with highest caliber by imparting technical education through innovative and analytical approach with an objective to create valuable resources for industry and society.

Mission

To produce latest infrastructure conducive to innovative learning

To Establish Centre's of Excellence to enhance academia industry partnership

Focus on specialized practical oriented teaching to develop analytical ability among students

To empower students with the required skills to encourage Entrepreneurship   and enhance employability

Core Values

Responsibility & Accountability

Preface

Amritsar College of Engineering & Technology, Manawala, Amritsar (Punjab) started functioning on 2nd July, 2002 as a result of visionary thought and spirit to provide Amritsar, the holy city, with an institution that can provide excellent technical and managerial education. This college was opened under the agies of Amritsar International Foundation Trust. The Managing Committee is headed by senior Advocate Sh. Amit Sharma, Chairman & CEO of Amritsar College of Engineering & Technology, Amritsar.

The Annual Report for the year 2018- 2019 is being presented to the Managing Committee, the stake holders, faculty, students and parents to share with them what we have achieved so far and what we aspire to achieve in the future. Apart from our Vision, Mission and Core Values toward which we are continuously working. The college is regularly monitoring not only the academic performance, but also working consistently to groom the students for better tomorrow.

- Strict vigilance for 100% attendance.

- Maintenance of perfect discipline in the campus.

- Mentorship Programme.

- Counseling and guidance through Parent Teacher Meet once in the semester.

- Raging free atmosphere with zero tolerance and no complaints in this regard.

- All Corridors and important places are displayed with words of wisdom for encouragement, inspiration and learning.

- Formation of various committees to monitor various activities in the college.

- Apart from the PTU Academics calendar, the college prepares its own academic calendar for all academic/other activities be performed throughout the academic sessions.

- Tremendous improvement in results/placements. (Departments wise information included)

- Eminent personalities/ scholars / teachers visited the college for an interaction through the respective departments and the efforts will continue in coming years as well.

- Faculty Development Programmes/Seminars are organized time to time with the help of PTU and the other reputed institutions and organizations.

- Regularly conducting meeting of Board of Governers, Academic Council of ACET & Board of studies of various deptt.

DEPARTMENT OF APPLIED SCIENCES

1. About the Department

Department of Applied Sciences is the base of all Engineering studies. The department aims to provide the basic knowledge of all branches related to the engineering mind-set of students. The inter-disciplinary exposure through subjects like Basics of Electrical & Electronics Engineering, Fundamentals of Computer Programming & IT, Elements of Mechanical Engineering, Engineering Drawing and Workshop Practices help to equip an insight for an accomplished engineer. The subjects of Engineering Mathematics, Engineering Physics, and Engineering Chemistry & Environmental Sciences are taught to re-strengthen the science background of going-to-be engineer students. The subjects of Communication Skills and Human Values & Professional Ethics prepare students towards inter-personal dealings and life skills. The diversity of subjects is the real strength of the department. The well-experienced members of faculty and staff add to the learning atmosphere of the department. Over-all the department aims at enhancing its strength by keeping abreast with the latest advancements in the respective fields so as to satisfy the customer needs as per the global requirements.

Applied Sciences department consists of two groups

i.   Physics group
ii.   Chemistry group

6. **Students' activities and achievements**

a. **3-Weeks Orientation Program**- As per the guidelines by MHRD and AICTE, a 3-Weeks Orientation program was organised for the students of B.Tech First Year from 24th July -10th August, 2018.

b. **Social co-curricular activity-** Students visited Pingalwara Society to imbibe themselves with the feeling of brotherhood and Co-existence.

c. **Sports-** Inter-class competitions were conducted in Cricket, Volleyball and Chess.

d. **Educational tour /visits by students-** Students visited Pushpa Gujral Science City on 26th March,2019

7. **Society of the Department**

Applied Sciences Society for Exploring Talent (ASSET)

We organise various technical and creative events to enhance the personality and confidence of the students. The aim of the departmental society is to provide platform to the first year students to promote participation in the events at the college and at the university level. The various objectives of ASSET are

- To organize events like Visual Extempore, Debate, Group discussion, Caption Contest, Calligraphy etc.
- Promotion of team work and leadership qualities
- To enhance communication skills and confidence of students

The events organised under Applied Sciences Society for Exploring Talent (ASSET) are as following:

a. My Inspiration-My Role Model- Aanchal, Sahil Changa and Raghav Arora secured 1st, 2nd & 3rd positions respectively.

b. Calligraphy Competition– Bhavika Walia, Sharanjit Kaur, Jaswinder Singh and Akansha Jasrotia secured 1st, 2ndand3rd positions respectively.

c. Caption Contest- Narinder Pal Singh, Aakriti Luthra and Simran Kaur secured1st, 2nd & 3rd positions respectively.

d. Sketching Competition- Md. Aamir Akhtar, Satkunwar Singh and Anshul Aggarwal secured 1st, 2ndand3rd positions respectively.

e. Visual Extempore - Ritika Sharma, Harsh Khajuria and Satkunwar Singh secured 1st, 2nd and 3rd positions respectively.

f. Verbal and Aptitude Test- Jaswinder Singh, Ritika Sharma and Arshdeep Kaur secured 1st, 2nd and 3rd positions respectively.

g. Group Discussion- Ishaan Sharma got appreciation award.

8. Guest Lectures / Workshops/ FDP

Department of Applied Sciences always organise various Guest Lectures, Workshops and FDPs to enhance the knowledge of Faculty and Students. The detail of Academic Events is as follows:

(1) Guest Lectures Organised

Sr. No.	Title	Expert /Resource Person	Date
1	Sress Management & Diet Care	Dr. Aman Bijral	2nd May,2019

(2) Workshops Organised/Attended

Department of Computer Science and Engineering

1. Introduction about the department:

Computer Science & Engineering department is one of the premium department of ACET. As it strives to educate student as for the requirements of the industry .

Ever since its inception in the year 2002 with an initial intake of 60 seats in B.Tech, the department has grown by leaps and bounds, not only in terms of quantity but also in terms of quality. Current it has intake of 180 seats in B.Tech ,18 seats in M.Tech and 25 seats in B.Vocational. The highly qualified, immensely diligent and experienced faculty is continuously involved in developing the skill set of the students of the department. The department gives exposure to its students, about regular engineering curriculum as well as prepare them to face the challenges of today's corporate world, by inculcating a professional attitude in them. The department is proud of running various international certification programs in ORACLE, JAVA, CCNA& HCNA under Ideal Engineer Plan (IEP) which provides an edge to the students over the students from other institutes. Center of Excellence in Big Data Analytics and Cyber Security & Forensics have been established with a grant of Rs. 80 Lakhs from FIST, where students can explore the career-options in Data Analytics, Data Sciences and Data security.

The department organizes number of workshops, seminars and guest lectures by inviting reputed experts from industry and academia. Department promotes active Industry- Institute interface by taking part in sponsored research and consultancy services. On placement aspect, department has done exceedingly well with students working in reputed multinationals like Wipro, TCS, Oracle, Accenture, Cognizant, HCL, Polaris, IBM and many more. Recently the college has signed MoU with HUAWEI Technologies for imparting trainings, HCNA certification and placements assistance to the students. The department is continuously working to inculcate the technical skills in the budding engineer's to mark an impact on the society.

Objectives of the Society

- To promote teamwork and leadership qualities among the students
- To promote professional competency.
- To provide structure for the development of academic, social and competent atmosphere.
- To improve students' technical as well as communication skills.
- To make students more placements oriented.
- To try and make the students self-dependant.
- To grow awareness among the students about the current affairs around the world.

- To boost up the confidence of the students.
- To find the hidden qualities of the students and allow them to explore themselves.
- To indulge into things that are not studies but still very useful in one's career.
- To try and provide a platform to the members for being an all rounder in real life.

Department of Civil Engineering

1. **Introduction about the department:**

The Department of Civil Engineering was established in year 2009 with an objective to produce excellent Engineer Graduates, by training young budding engineers through an integrated approach comprising of a well proportioned blend of Classroom teaching, onsite training and hands on experience in state of art laboratories.

With excellent infrastructures and well qualified faculty, the department focuses on young professional to contribute towards growth of our country in the field of infrastructures like Roads, Railways, Buildings, Canals, Water Supply, Tunnels and Dams etc. The students have shown their potential through achievements in various competitive tests of National and International level, fetching admissions in masters courses abroad, fetching placement in reputed companies, and setting up their own start-ups

Department of Electronics and Communication Engineering

1. **Introduction about the department:**

Electronics and Communication Engineering (ECE) is an applied form of science that deals with principles and practical aspects related to design and development of various everyday devices like radios, televisions, laptops, mobile phones, machine robots etc. ECE is one of the core Engineering Courses being offered at ACET. The highlight of a B.Tech ECE Degree is that it Comes with the endorsement of CCNA and CCNP certification that adds value to candidates profile .The department offers four year B.Tech course and two year M.Tech based on the semester system ,the department is known to build theoretical and practical knowledge of the students with the assistance of myriad faculty expertise.

Department of Electrical Engineering

1. Introduction about department:

The department of Electrical Engineering at Amritsar College of Engineering & Technology aspires to create high-end technology practitioners for the knowledge driven world. Since its inception, the department has provided strong foundations for the students in the form of well equipped laboratories with state of the art facilities. The team of well qualified and experienced faculty with experience in Power Systems, Electronics & Computer Applications has been endeavoring to provide training and courses, within and beyond the regular undergraduate curriculum in order to meet real world challenges and advancements in the field. These include but are not limited to avenues such as CAPSA, MATLAB, Problem Solving Techniques and Algorithm development etc.

Department of Mechanical Engineering

1. **Introduction about department:** Department of Mechanical Engineering has a Centre Of excellence in Robotics and Industrial Automation aka "ROBOLAB" was inaugurated on 24th Feb 2014   has been a milestone that ACET has been proud of . This is the first fully fledged robotics lab in North India.

   Department started an automobile collegiate club for its students and registered for SAE   Chapter to provide this plateform to its students

   Spark Racer of ME Department have cleared the national level Automobile design competition "BAJA SAE INDIA virtual 2019" in their First Attempt

Department of Agriculture

1. **Introduction about department:** Established in 2014, the Department with a dedicated approach to imparting practical quality education in agriculture over the last five years has grown into one of the largest departments of the ACET. This is discernible from the total strength of B.Sc. (Hons.) Agriculture students at over 350 including 130 International students. It has experienced and talented Faculty members who provide full support in making the learning process very effective for the students with focus on developing practical skills. It has remarkable infrastructure and well-equipped laboratories and has a large Organic Agro Farm for carrying out various farm activities and students' experiements with emphasis on Organic field and vegetable crops production, flowers nursery raising, medicinal plants, Polyhouse cultivation of vegetables, fruit nursery raising, and Vermicompost production using different techniques. ACET has signed an MOU with Morarka Foundation for collaboration on organic farming and Vermicomposting.It provides soil testing service to farmers.

2. **HOD brief details and 3 expertise in the deptt.** (only add senior faculty members here)

HOD (Dr. V.K. Mehan) has Ph.D. (Agriculture-Plant Pathology) with 34 years' experience in production and protection of agricultural and horticultural crops; post-harvest management; research and teaching management. Expertise in Project development and management, collaborative research coordination; and transfer of technology for crop production and protection. Served in various national and International Institutes of repute: Senior Scientist in International Institute for the Sem-Arid Tropics(ICRISAT)–1978-97; Visiting Scientist and Consultant, ISRA, Senegal; IRHO, France– (1988 – 89). Served as Coordinator of the International Groundnut Bacterial Wilt Working Group. Organized and managed research on bacterial wilt in Asia and Africa (May 1992 to May 1997); Coordinator of the West Africa Groundnut Aflatoxin Working Group. in West African countries (February 1994 to May 1997); and the Coordinator of the Asia Working Group on Aflatoxin Management (June 1996 to 31 May 1997). Principal Scientist in ICAR-Central Institute of Engineering and Technology, Ludhiana; Senior Scientist in PAU, Ludhiana ((Mar 2004-Oct 2008); Worked as Professor & Head (Agriculture) at FIM, Ferozshah - 2014; Professor and Head (Agriculture) at CGC, Jhanjeri; and Director General of Ropar IMT Group of Colleges, Ropar (2015-16);. Developed various projects on integrated disease and pest management in different production systems on behalf of NARS in Asia. Guided three Post-doctoral Research Fellows and a Research Scholar on various aspects of agriculture; and Developed skills of 28 in-service trainees from various countries of Asia and Africa. Visited various countries in Asia and Africa for transfer of technology in agriculture/plant pathology and organized international Training Courses and Conferences. Participated in 22 International and 14 National Conferences/Meetings on Agriculture/Horticulture/crop protection. Presented Invited Lead Papers/Special Lectures, and chaired scientific sessions. Awarded International Doreen Mashler Award in 2005 (along with Groundnut team of ICRISAT) for outstanding contribution to enhance groundnut production and productivity in Vietnam. Nominated for the Title Man of The Year – 1997 by the ABI, USA Awarded High Level Fellowship by French Government for sabbatical research project in France/ Senegal (May1988-April 1989). Selected for German

Democratic Republic Scholarship for Ph.D. programme in Germany (1974/75). Serving on PTU Board of Studies for Agriculture.

3. Other Senior Faculty members in the Department are Dr. Kalpana Jaggi with expertise in Biotechnology and Microbiology (5 years experience), Mr. Gurbir Singh Mahal with 5 years experience in teaching and farm management of Horticultural aspects, Ms. Kulbir Kaur with 5 years experience in teaching of Maths and Statisics, and Ms. Baljit Kaur with 3 years experience in vegetable production technologies and post harvest management of fruits and vegetables. The Department has a total strength of 16 Faculty members representing different disciplines in agriculture and horticulture.

4. **New joining (faculty) in the deptt**

During the period of the report, 8 new Faculty members with different specializations in agriculture joined the Department. Their areas of specializations included Agronomy, Soil Science, Biotechnology, Biochemistry, Agricultural Economics, Horticulture (Vegetable Science) Entomology, and Plant Pathology.
