Purpose of MoU

This MoU is to build National Environment Education Academic Network and student entrepreneurs network which will initiate action research for and on environment education through academic institutions involved in research, education, training, and extension.

Through this MoU, NEI intends capacity building of academic community in Entrepreneurship. NEI wishes to academically support the EcoAction Center in Educational Institutions, set up by them in their institution premises. The EcoAction Center will be expected to conduct the following activities:

- **Academic Skills Courses on Entrepreneurship, Community Engagement, Climate Change, Environment Education and Circular Economy:** Curriculum for New Academic Courses is being developed as part of the emerging and impending community needs are being promoted across the country. These Courses are offered in association with the practitioners in the field.
- **Academic Action Research on Entrepreneurship, Community Engagement, Climate Change, Environment Education and Circular Economy:** Growth of the contribution of the Academic Community depends on the Action Research with field engagement. Such a field engagement requires institutional connect with the practitioners. NEI intends to promote such a connect and promotes action research in this area. The outputs of this action research will feed into the Courses offered.
- **Academic Capacity Building on Entrepreneurship, Community Engagement, Climate Change, Environment Education and Circular Economy:** There is a felt need to build the capacity building of the faculty of institutions to initiate practice of Entrepreneurship through academic courses. Faculty Development is key for such an exercise. NEI strives to design and deliver Faculty Development Programmes on Entrepreneurship, Community Engagement, Climate Change, Environment Education and Circular Economy.

- **Academic Extension Services in Entrepreneurship, Community Engagement, Climate Change, Environment Education and Circular Economy:**
Entrepreneurship is presently mostly devoid of any input from academic community to handle their operational and substantive aspects. NEI takes it as calling to promote consultancy services to the Enterprises handling Environmental Action

Expectations from the Amritsar Group of Colleges (AGC)

- Sharing academic expertise in promoting Climate Education, Environment Education and Circular Economy
- Capacity building inputs
- Joint academic publications, academic research and academic consultancy services
- Joint certification of any academic activity designed together or with consultation

Expectations from National EduTrust of India (NEI):

- Design, provide and promote execution plan for EcoAction Center and their activities in the education institutions across the country
- Communicate with the college on opportunities that are relevant to the EcoAction Center
- Coordinate with the college for successfully conducting EcoAction Center activities with the involvement of relevant and prominent resource persons
- Joint academic publications, academic research, academic consultancy services
- Joint Certification of faculty members involved in the EcoAction Center activities.

Note:

1. The MoU is valid for two years from the date of execution and may be renewed for any other period as shall be mutually agreed to between the parties.
