INTRODUCTION

The human behaviour is decided by the kind of education they receive. If they get human education they behave humanly and if they get inhuman education, they show inhuman behaviour. For the overall personality development Universal Human Values and Professional Ethics as subject has been introduced. The roots of Universal Human Values and Ethics started with a Think Tank which included wonderful intellectuals;

- Dr. APJ Abdul Kalam- Ex President of India
- Sh. M. N. Venkatchaliah- Ex chief justice of India
- Sh. Samdong Rinpoche- Buddhist scholar and Ex Prime Minister of the Tibet
- Sant Balbir Singh Seechewal- Social leader of Punjab

Later a course has been compiled at IIT Delhi's National Resource Centre for Value Education in Engineering and it adheres to all the guidelines as per MHRD. This course is offered in the form of 3-0-0 mode. The whole course is divided into 5 modules and 28 lectures. This course is specially designed for preparing professionals or technocrats with blend of values & ethics. "A Foundation Course on Human Values & Professional Ethics", has been designed by Prof. R.R. Gaur, Prof. R. Sangal & Shri. G.P. Bagaria. The book satisfies all guidelines devised by MHRD. The IKG PTU introduced a foundation course in universal human values and ethics in 2011.

To,

The Director/Principal,
Amritsar College of Engineering & Technology, Amritsar

Subject: Impact Study of Student Induction Program (SIP) and Universal Human Values (UHV) Programs - reg.

Dear Sir/Madam,

AICTE has been working on Value Based Education for the past several years. In the last few years, AICTE in collaboration with NCC-IP has come across a simple, extremely efficient and promising content and methodology. It is called "Universal Human Values". The content is universal, rational, verifiable, and leading to harmony - and almost immediate and positive indicators of self-development as institutional progress can be seen. During this time more than 1 Lakh faculty members from across the country have been oriented of which more than 50,000 have been certified through rigorous FDPs.

In this regard, National Coordination Committee for Induction Program (NCCIP) proposed a study for carrying out the Impact of SIP and UHV Programs on various aspects. An expert committee has been constituted by the competent authority to assign the work related to Impact Study and selected Institute of Rural Management Anand (IRMA).

In order to complete the given assignments, the IRMA is required to perform the following activities:

1. Analyses of Existing Data (UHV-FDPs and eSIP)
2. Overall Impact of UHV Programs - Longitudinal Study
3. Questionnaire for Teachers (Individuals): Future UHV-FDPs
4. Questionnaire for Students (Individuals): Future UHV-I & UHV-II

AICTE and NCC-IP selected your institution for the longitudinal study of SIP and UHV Programs. Therefore, you are requested to extend all kind of support required to the IRMA Team to facilitate the study.

Regards

15.11.2022
