## SECRECY BRANCH

Ref. No. AGC/SB/100

Dated: 17-01-2023

### Proceedings of meeting of Examination Committee held On 17-01-2023 at 03:00 pm in Secrecy Branch

A case has been identified during showing of answer sheets to the students. The team of Secrecy Branch observed the student obtained passing marks in Section B & C and he got 0 in the Section-A where he attempted 18 marks paper. The answer sheet was re-evaluated and this time the student had a dip of 08 marks as compare to the original evaluation. So, the answer sheet was re-evaluated for the second time and now the student had a dip of 10 marks as compare to the original evaluation.

The case was marked to Examination Committee along with special invitee Dr. Namarta Kad (Professor in Electrical Engineering) by worthy Principal/COE, Dr. V.K. Banga.

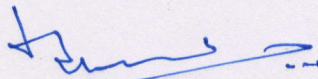

A meeting of Examination Committee was held on 17.01.2023. The members of the committee called the examiners of re-evaluation for I & II and the one more examiner who evaluated the section-B during the original evaluation.

All the 3 examiners were called separately. They apprised with their way of marking question by question as attempted by the student. The Examination Committee has the following observations;

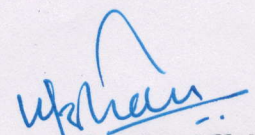

1. The **Original Evaluation** of section-B is liberal but not at the cost of quality or appropriateness of answers. The committee found the evaluation as justified.
2. The **First Re-evaluation** is moderate but not compromising with the correctness of answers. The committee found it justified evaluation.
3. The **Second Re-evaluation** is over strict though the examiner presented her own point of view and justified the same.

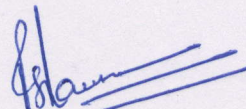

#### **Recommendations**

After viewing the way of evaluation and justification presented by the evaluators, the committee decides to stick to the original evaluation. However, the committee feels to have uniform approach while evaluating, therefore certain guidelines regarding marking scheme shall be released by Deputy Registrar (Secrecy).
