The Member Secretary extended a formal welcome to all members of the committee. The members were invited to participate in discussion and mutual deliberations on the agenda item mentioned below;

Agenda Item:

Separation of Accession Register and Books of Pharmaceutical Sciences as per PCI Guidelines

Proceedings:

The Member Secretary apprised the members that the meeting had been convened to deliberate upon the requirement of maintaining a separate accession register and separate collection of books for Pharmaceutical Sciences in compliance with the guidelines of the Pharmacy Council of India (PCI). Detailed discussions were held regarding:

1. Existing library practices followed in the Central Library.
2. Observations made during inspections.
3. The possible requirement of maintaining a separate accession register exclusively for Pharmaceutical Sciences.
4. Administrative and procedural implications of such separation.

During the deliberations, members expressed varied opinions on whether the separation is mandatory or interpretative in nature. It was observed that clarity regarding specific PCI norms in this context was required before arriving at a final decision.

After thorough discussion, the Committee resolved that:

1. The relevant PCI guidelines shall be carefully examined to ascertain whether there is any explicit requirement regarding the separation of accession registers and book collections for Pharmaceutical Sciences.
2. The existing practices followed by other reputed colleges and institutions approved by PCI shall be studied for reference and benchmarking.
3. The matter shall be placed again in the next meeting of the Library Committee after collecting and verifying the necessary information.

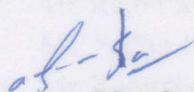

Since the agenda required further verification and comparative review, the deliberation could not be finalized in this meeting.
